

Type of climatic version: NF3

Delivery set is as follows:

- cubicle of thyristor converters,
- control and monitoring cubicle,
- start-up resistance cubicle,
- matching power transformer,
- set of spare parts and accessories,
- operational document.

Exciters are manufactured in accordance with individual performance specifications.

Type of product	Capacity, kW	Rated voltage, V	Rated direct current, A	Ratio of boosting current	Efficiency, %	Weight (exciter and starting resistance) +transformer, kg
